Transmittal of "RENEWED PETITION UNDER 37 C.F.R. 1.181"

SIR:

Enclosed is a "Renewed Petition Under 37 C.F.R. 1.181 to Withdraw Holding of Abandonment Based on Failure to Receive Office Action," which Renewed Petition is being filed in response to the "Decision on Petition" mailed by the Patent Office on January 24, 2005. Also enclosed are: a) a copy of the file-jacket data sheet on which the non-received Office Action mailed on December 16, 2003 would have been entered had it been received and docketed; b) a copy of a log showing all incoming mails received from the Patent Office for the relevant period (12/17/03 - 12/31/03) following the mailing of the Office Action on December 16, 2003 by Examiner Brian Broadhead who is in charge of examining the above-identified

application; and c) docket sheets showing all docketed due-date entries for March 16, 2004 (the three-month due date for responding to the Office Action mailed on December 16, 2003).

**RENEWED PETITION UNDER 37 C.F.R. 1.181 TO WITHDRAW HOLDING OF
ABANDONMENT BASED ON FAILURE TO RECEIVE OFFICE ACTION (MPEP
711.03(c)II)**

SIR:

This is a renewed petition to withdraw the holding of abandonment of the above-referenced application, in response to the "Decision on Petition" mailed by the Patent Office on January 24, 2005. Applicants previously filed (on August 23, 2004) a "Petition to Withdraw Holding of Abandonment Based on Failure to Receive Office Action," which Petition indicated that the Office Action mailed on December 16, 2003 for the above-referenced application was not received by Kenyon & Kenyon, and that a search of the file jacket and docket records indicates that the Office Action mailed on December 16, 2003 was not received by Kenyon & Kenyon. Applicants enclosed with the Petition mailed on August 23, 2004 the following: a) a copy of the file-jacket data sheet on which the non-received

Office Action mailed on December 16, 2003 would have been entered had it been received and docketed; b) a copy of a log showing all incoming mails received from the Patent Office for the relevant period (12/17/03 - 12/31/03) following the mailing of the Office Action on December 16, 2003 by Examiner Brian Broadhead who is in charge of examining the above-identified application; and c) docket sheets showing all docketed due-date entries for March 16, 2004 (the three-month due date for responding to the Office Action mailed on December 16, 2003). In the "Decision on Petition" mailed by the Patent Office on January 24, 2005, it was indicated that "a review of the entire application has been conducted and the above-noted file-jacket data sheet, the incoming mail log, and the docketed due-date entries for March 16, 2004 have not been located," and therefore, "petitioner's evidence of non-receipt of the Office Action mailed on December 16, 2003 is insufficient." In response, Applicants are submitting herewith, again, the following: a) a copy of the file-jacket data sheet on which the non-received Office Action mailed on December 16, 2003 would have been entered had it been received and docketed; b) a copy of a log showing all incoming mails received from the Patent Office for the relevant period (12/17/03 - 12/31/03) following the mailing of the Office Action on December 16, 2003 by Examiner Brian Broadhead who is in charge of examining the above-identified application; and c) docket sheets showing all docketed due-date entries for March 16, 2004 (the three-month due date for responding to the Office Action mailed on December 16, 2003). In addition, Applicants have included below the statements contained in the previous "Petition to Withdraw Holding of Abandonment Based on Failure to Receive Office Action" (mailed on August 23, 2004). Applicants respectfully submit that the enclosed evidence of non-receipt of the Office Action mailed on December 16, 2003 is sufficient to withdraw the holding of abandonment.

Applicants hereby petition the Patent Office to withdraw the holding of abandonment of the above-identified application on the grounds that the original Office Action mailed on December 16, 2003 was never received from the Patent Office. In the "Notice of Abandonment" mailed on July 27, 2004, Examiner Brian Broadhead of the Patent Office indicated that the above-identified application was abandoned because no reply to the Office Action dated December 16, 2003 was submitted. In response, the undersigned attorney submits the present "Petition to Withdraw Holding of Abandonment Based on Failure to Receive Office Action."

The undersigned attorney hereby states that the Office Action mailed on December 16, 2003 was not received by Kenyon & Kenyon, and that a search of the file jacket and docket records indicates that the Office Action mailed on December 16, 2003 was not received by Kenyon & Kenyon. Attached to this Petition is a copy of the file-jacket data

sheet on which the non-received Office Action mailed on December 16, 2003 would have been entered had it been received and docketed. Also attached to this Petition is a copy of a log showing all incoming mails received from the Patent Office for the relevant period (12/17/03 - 12/31/03) following the mailing of the Office Action on December 16, 2003 by Examiner Brian Broadhead who is in charge of examining the above-identified application. In addition, docket sheets showing all docketed due-date entries for March 16, 2004 (the three-month due date for responding to the Office Action mailed on December 16, 2003) are also attached. The attached file-jacket data sheet, the incoming mail log and the docketed due-date entries for March 16, 2004 all indicate that the Office Action mailed on December 16, 2003 was not received. Accordingly, a favorable decision on this Petition is respectfully requested.

No fee is believed to be due, but the Commissioner is hereby authorized to charge any necessary fees or credit any overpayment in connection with this paper to Deposit Account No. 11-0600.

The Office is invited to contact the undersigned to discuss any matter regarding this petition.

Respectfully submitted,

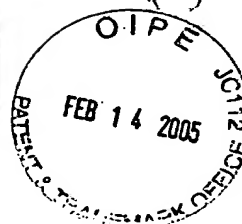

Date: February 8, 2005
